late payment charge of 1.5 percent per month will be added to bills not paid within 20 days of issuance. This late payment charge will be applied to the total unpaid balance for utility service, including unpaid late payment charges. The late payment charge is applicable to all customers. The utility customer may be given a written notice that the bill is overdue no sooner than 20 days after the bill is issued.

Discharge Limitations

If any waters or wastes are discharged or are proposed to be discharged to the Village Sewers in excess of limitations enumerated in Section 9-2-6 (b) of the Village Ordinances, or other substances that are not enumerated, and which, in the judgment of the Village, may have deleterious effect upon the waste water facilities, processes, equipment or receiving waters; or which otherwise create a hazard to live, the Village may:

- A. Reject the waste
- B. Require pretreatment to an acceptable condition for discharge to the public sewers.
- C. Require control over the quantities and rates of discharge
- D. Require payment to cover added costs of handling and treating wastes not covered by existing taxes or sewer charges.

Sewer Lateral Installation and Maintenance

At such time as a public sewer becomes available to a property served by a private waste water disposal system the property shall connect to the public sewer as required in Section 9-2-3 (d) of the Village's Ordinances. Any septic tanks, cesspools or similar

facilities abandoned under this section shall be removed or cleaned or sludge and filled with clean gravel and sand. The owner(s) of private waste water disposal system shall provide proper operation and maintenance of the system at all times. Sludge removal shall be performed by a licensed person. Sludge removal shall be no less frequent than once every three (3) years.

All costs and expenses incidental to the installation and connection of the building sewer to the public sewer shall be borne by the owner(s). The owner(s) shall indemnify the Village from any loss or damage that may directly or indirectly result from the installation.

Connection

A written application for a permit shall be submitted to the Village. The application shall be supplemented by any plans, specifications or other information deemed necessary by the Village. A non-refundable fee for each application shall accompany the application in the following amount:

Residential 1 - 3 Units \$3400 per unit

Commercial/Business/Industrial

\$3400 per unit

(Multi-Family Residential over 3 Units is considered a Commercial application)
